Revenue

Log Sales

Gross income for the month was **\$191,705.35** with an average sale price over all grades of **\$119.40** per tonne.

October 2021 - Log Markets, Hawkes Bay

The October export prices have remained flat with no change to prices.

Radiata log inventories on the main Chinese ports we monitor have increased to 4.77Mm³, with daily offtake in the 79Km³ per day range. While demand has slightly increased from last month, all indicators are that the China economy is slowing with less construction activity.

China is in a state of “Structural Reset”. The Chinese Government has been concerned about the growing gap between the wealthy and the poor in China as this leads to social unrest. They are undertaking wealth redistribution strategies (tax the wealthy etc.) trying to improve the income / lifestyle of the middle class along with reduced property prices.

Credit tightening policies due to large debts in property development as well as property tax changes has seen a lot of new construction stall. Evergrande has restarted some projects as they have bought time to repay some creditors, but still face significant challenges ahead.

The energy crisis in China will have a positive long-term effect on timber demand as China is aware of the higher energy costs of steel and concrete. They are already mandating the use of more wood in their buildings. In the short term this maybe negative, as electricity supply is rationed. The main log processing area affected to date is Taicang, which had already been affected by the Government wanting to repurpose the land these mills occupy.

The freight market has had some downward movement in the big Capesize vessels due to less iron ore demand which is expected to flow on in the smaller handy size vessels used in log exports. Congestion times have reduced significantly but this depends on log berths in Lanshan for competing product demands.

The NZD has continued to rise against the USD since the end of September. This has eroded some AWG value for forest owners.

Domestic pruned log prices have fallen \$15 this quarter due to weaker AWG export pricing and factoring in the spring effects on Jas conversions.

Grade Recovery

Grade out turn for October is as follows:

Chart 1: Grade Recovery for Month

Pruned recovery for October comprised 16% of overall sales volume, 7% of which was sold as domestic pruned grades.

High quality export sawlog (AO, A and K grades) made up 56% of the total production volume, with lower quality export (KI and KIS grades) comprising 16% of volume.

The remaining 12% of production was made up of domestic pulp and binwood.

Expenditure

Harvesting

The total logging cost for the month was **\$66,954.21**, an average of **\$41.70** per tonne.

Harvest expenditure for the month is summarised below in Table 1:

LOGGING COSTS		TOTAL
October	Logging	\$66,954.21
		\$66,954.21

Table 1: Logging Costs

Pic 1: Progress Map

During October, the harvest crew spent a couple of weeks carrying out windthrow salvage from Setting 43 on Glenlea Station Road. This is planned only for a short period as the Log 3 crew was borrowed from Glenlea Forest to facilitate the windthrow salvage.

Cartage

Cartage is managed by Harvest Logistics Ltd, who organise the despatch and supply of log trucks into the forest.

The total cartage expense for the month was **\$48,570.30** which is an average unit rate of **\$30.25** per tonne.

Cartage expenditure for the month is summarised below in Table 2:

CARTAGE COSTS		TOTAL
October	Cartage - Truck	\$48,570.30
	Weighbridge	\$490.25
		\$49,060.55

The average cart rate for October inclusive of weighbridge fees is **\$30.56** per tonne.

Table 3: Engineering Costs

In October, earthworks continued on Glenlea Station Road towards Landing 45. Some maintenance work was required cleaning up slips and clearing culverts following significant rainfall.

Planned Activities for November 2021

The harvest crew will complete the windthrow salvage from Setting 43 and then return to Glenlea Forest.

Earthworks in November will be minimised due to limited harvest income.
